When ordering 1,000 of any species listed above, you have the option of also ordering 500 of any of the species at the listed price. If you are interested in smaller quantities, you should order through our Catalog Order Program (www.dof.virginia.gov).

REFORESTATION SERVICES AGREEMENT

SEEDLING DELIVERY: By checking this box, the purchaser of VDOF seedlings agrees to pay a fee for each delivery of said seedlings from one of the VDOF refrigerated storage facilities to the Tract Number listed in this agreement.

PLANTING COORDINATION: By checking this box, the purchaser agrees to pay a fee for the following VDOF services to ensure proper tree planting on the Tract Number listed in this agreement.

- Designate the area for planting (may include mapping the project area if not already done).
- Provide an estimate of the number of seedlings needed and acres to plant.
- Arrange for a planting contractor, schedule the crew arrival, and obtain estimate of crew size.
- Provide a map of the planting site and show the site to the contractor.
- Instruct the contractor on standards for proper handling of seedlings, required spacing, and correct planting techniques.
- Check planting quality for adherence to planting standards.
- Notify the purchaser when the project is completed.
